

SUMMER VACATION

HOLIDAY ASSIGNMENT
STD-V

**Dear Parents,
Warm Greetings!!**

I hope you and your family are safe and healthy as you read this letter. Thank you so much for your patience and understanding as we have been adjusting, like you, to the drastic changes in life during the last few weeks. A huge debt of gratitude goes to all the parents who have cooperated with us during online classes. The Corona Pandemic has severely hindered the Teaching and Learning Process and has brought so many challenges to the fore. Sometimes life is not all rainbows and sunshine but it is important to use these difficult times as life lessons, growing and shaping you to blossom into a stronger and wiser person every day.

It has been over a month our students have been actively attending the online classes and sincerely submitting the work. Although the online classes are far from the essence of the actual classroom, it has helped us to connect with the students and we are really glad to see the involvement of our kids and their keenness to learn.

It's the time for Summer Break. Let us take this pandemic as a blessing in disguise and invest some quality time with our kids. We are sharing few tips that help you to make this fruitful, constructive and creative period of time.

- Have at least 2 meals with your Child.
- Do Yoga, Meditation or exercise with your kid.
- Share stories with your kid.
- Share your life experience and values with your kid.
- Assign work and give them responsibility.
- Schedule Reading time and you also sit with your child.
- Motivate your child to greet everyone and explain its importance.
- Motivate your child to speak Golden words (Please , sorry and Thank you)
- Help your kid in planning the study time during summer break.

For summer breaks, we have planned some creative task for our students to enhance their skills.

Instructions for the Students

- ✓ The Holiday home work must be done in a very neat and presentable manner.
- ✓ Questions must be done in the given sequence.
- ✓ The child will be assessed for the presentation, neatness, completion of all the given questions and timely submission.
- ✓ Last but not least revise all the subjects as it will help you for future assessments.

Thanking You
Regards
Director RDPS

SOCIAL SCIENCE

1. Make globe "Model of the Earth"(use ball or any spherical object available at home)
2. Mark all the latitude and longitude lines on the globe which you made.
